XT660Z TENERE - THE ART OF ADVENTURE

Yamaha's art of engineering philosophy means every interface between rider and machine has been perfected. So, you can go hard, and go long. The Tenere name stands for adventure, for handling, poise and power to blaze trails and the build quality true two-wheeled adventurers demand. The styling is fresh, clever but above all resilient. The whole package is built to take punishment not pass it on. And when your adventures demand even more there are Yamaha's official range of Tenere accessories, built to the same no compromise standards.
