Off-Road 2008

LIVE THE DIRT BIKE LIFE

With Yamaha, winning is easy, it's how you do it that really counts. Yamaha is a legendary creator of dirt bikes, engineering motocrossers and enduro bikes that continue to set performance standards.

Beyond all the success there's that special Yamaha feeling, that interaction between man and machine, a feeling for riding fun. Dirt bike riding isn't just something you do, it's something you live. That's why Yamaha puts so much effort into creating a range of high-grade bolt-on parts, riding kit and casual wear that fits the Yamaha ethos of quality and style. Our genuine accessories feature the same build quality as our motocross and enduro machines, so when you fit Yamaha bolt-ons you know you can totally trust them.

On the bike, Yamaha motocross/enduro jerseys, pants, boots and gloves offer great protection. Off the bike, our T-shirts, hoodies and caps just look great. Find out more from your local dealer or check www.yamaha-motor-acc.com

Universal Graphic and Seat Cover Set

Our Universal Graphic and Seat Cover Set comes complete with everything you need to give your Yamaha the genuine 'Pro' look! Finished in a stylish red/black/blue design, the set includes tank/shroud graphics, swingarm/fender graphics, and a seat cover.

Designed to fit a whole range of YZF, YZ and WR models from '98 - '05!

What's really clever about the Yamaha Universal Graphic and Seat Cover Set is that it is designed to fit a whole range of YZF, YZ and WR models from '98 - '05. On the surface of the tank/shroud graphics there's a transparent colour-coded stencil for each model - all you need to do is cut them to suit your bike, remove the stencil and they're ready to fit! The seat cover and fender/swingarm are designed to be applied straight from the box. Available as a complete set of three, as well as individually.

**Bolt-On
Protection**

**Radiator guards
(aluminium)**

The best way to protect your bike's cooling system from accidental damage is by fitting our Radiator Guards. Their lightweight design helps prevent your radiators from being crushed by side impacts or being bent backwards – and they will not affect the flow of cooling air.

2 Work Pad

There can't be many riders who have never lost a nut or washer while working on their YZ or WR in a grass or dirt covered paddock. But with our lightweight waterproof Work Pad those days are over! Measuring 180 x 140cm, it's large enough to fit under the whole bike, and features a toughened centre patch for your paddock stand. It's also perfect as a changing area at the beginning and end of the day.
