

R-SERIES – MORE THAN A BIKE, IT'S A LIFESTYLE

In 2008 the R-Series celebrates a decade of doing it right: legendary performance, renowned build quality and eye-grabbing style. And that goes beyond the motorcycles to our range of R-Series lifestyle gear and accessories. We produce these with exactly the same commitment to brilliance we use in creating the R1 and R6 and we present them to you on the next spreads.
