

## ONE LIFE, DON'T BE A SPECTATOR

In a life packed with opportunities but constrained by time, every day, every hour, every moment is crucial. When the chance to tour comes your way you must grab it and make each precious second count. Thanks to the Yamaha FJR and its line-up of accessories no destination is ever too far and no opportunity is ever wasted.

## FJR1300 - DEVELOP YOUR IDENTITY

The FJR has class-leading levels of equipment and sophistication as standard, but we at Yamaha realise tailoring a bike to your own needs is an important aspect of ownership. That's why the engineers who created the FJR also designed a range of genuine accessories like a top case, taller screens and roller protectors to help you tailor your FJR for your life. We also produce FJR branded clothing so no one's left in any doubt who owns the cool grand tourer outside.
